SKILLS

Languages & Tools

Python • SQL

Data Analysis

Pandas • NumPy
Data Cleaning • EDA

Data Visualization

Power BI • Matplotlib
Seaborn • Tableau (Basics)

Excel & Power Tools

Advanced Excel • Pivot Tables
XLOOKUP • Power Query
DAX • Data Modeling

Others

Statistics (Basic) • Problem Solving
Data Visualization • Git & GitHub
Jupyter Notebook

EDUCATION

- 2024 – Present**
Bachelor of Computer Applications
(BCA – Computer Language)
Mangalayatan University Online
- 2024**
12th Passed
St. Joseph Junior College
86.3%
- 2022**
10th Passed
St. Joseph High School
83.6%

CERTIFICATIONS

- MS-CIT Certified
- Advanced Excel Certificate

PROFILE SUMMARY

Motivated and detail-oriented fresher with strong analytical and mathematical skills. Proficient in Excel, SQL, Python, and data analysis. Passionate about transforming data into meaningful insights and creating interactive dashboards that support data-driven decisions. Seeking an entry-level position as a Data Analyst to apply my skills and grow in the data field.

PROJECTS

- HR Analytics Dashboard (Power BI)**
 - Created an interactive HR dashboard to analyze employee data and track KPIs such as attrition, headcount, gender diversity, department-wise insights, and average salary.
 - Used DAX measures, calculated columns, and data modeling for meaningful insights.
- Blinkit Data Analysis (Python, Pandas)**
 - Analyzed 8,000+ Blinkit grocery sales records using Pandas.
 - Performed EDA, data cleaning, and derived insights on sales trends, top-selling categories, order patterns, and customer behavior.
- Shakti Sales Store Dashboard (Power BI)**
 - Designed an interactive Power BI dashboard to track sales, profit, and category performance for Shakti Sales Store.
 - Used data modeling, DAX measures, and interactive visuals for dynamic reporting.
- IPL Dashboard (Power BI)**
 - Developed an IPL dashboard to analyze teams, players, match performance, and season statistics.
 - Used DAX measures and interactive visuals for deeper insights.
